Tour through the Cultural Studies Divisional Library by Audioguide

Are you visiting the Cultural Studies Divisional Library (BBK) for the first time and would like a spatial orientation in our place of learning?

Our audio guides show you the most important stations in the library and help you to

- find and borrow literature
 - distinguish between individual and group workstations
- and
- operate the various devices.

Scan the German or English QR codes of the "BBK Audio Guides" at the respective stations with your mobile device and listen to the descriptions of our services.
